Response to the Office Action mailed 01/12/06

Dear Examiner Patel;

I am using the new EFS system to respond to an office action for the first time. Please let me know I do not get everything just right. It is my understanding that each section of the response should be a separate pdf file. Accordingly, I am submitting the following files:

037letter1.pdf,	this letter
037remarks1.pdf,	the remarks.
037newp1.pdf,	amendments to the specification
037newcl1.pdf	the claims

Please amend the specification as indicated in the amendments to the specification section.

There are no new claims, and no substantive amendments to the claims. Please amend claim 6 as indicated, to correct two typographical omissions.

I believe that no new matter has been included, and that the amendments place the patent application in condition for allowance.

Sincerely yours,

*Edward Herbert*
